

Songs of a Disney Villain Script

Scene 1:

(Open to the villains entering Cruella's house. Kaa is already in place. They come to sit center stage at a big wooden table)

Cruella De Vil (Ursula enters first; Eels follow right behind): Ursula, darling, welcome. Looking delightfully morbid, as always.

Ursula: Why thank you, Cruella dear.

Cruella De Vil (Gaston enters without knocking; Le Fou follows right behind): Gaston, looking outlandish as usual. Oh, you have a hair out of place.

Gaston (looks in mirror): What? Where? (Le Fou reassures him).

Cruella De Vil (Scar enters last followed by the three hyenas): Oh, Scar. Welcome. You look dreadful.

Scar: I could say the same about you, Cruella. I mean they wrote a whole song about your dreadfulness. (walks toward table humming 'Cruella De Vil')

Cruella De Vil: (Glaring at Scar) Ugh, that *song*. Do you *mind*, flea bag?

Scar: (turns toward Cruella; starts singing) ♪ Cruella De Vil, ♪ ♪ Cruella De Vil, ♪ ♪ If she doesn't scare you, ♪ ♪ No evil thing will... ♪

Cruella De Vil: Stop it, you idiot!

Scar with Hyenas: (start singing) ♪ To see her is to, ♪ ♪ Take a sudden... chill! ♪

All but Cruella De Vil: ♪ Look out for, Cruella... De Vil ♪

('Cruella De Vil' begins to play, Cruella silently protesting all throughout)

Song 1: Cruella De Vil

Scene 2:

Cruella De Vil: I can't believe they wrote such a horrid song about me!

Hyenas: (laugh maniacally)

Scar: (sarcastically) Touch a nerve did we? So *very* sorry.

Bonzai - Yeah what scar said.

Ed- *laughs*

Cruella- Oh, shut it you pack of fur balls.

Scar- Fur ball? You're looking at the king of the pridelands.

Cruella- I'm so sorry Your Majesty that your reign was so short. I forgot you were king.

Ed- *laughs*

Shenzi - Ed shut up!

Scar- I won't take insults from a skunk-haired failure.

Cruella De Vil: (dwells on the past scowling.) Well, your fur is hardly suitable for a fine fur coat, I do have to admit you would make a fine rug, darling...perfect for everyone to step on like your brother and your nephew did.

Villains: Oo....Hyenas (chuckle)

Scar: I'm surrounded by idiots.

Shenzi: Hey, that's what you said last time.

Bonzai: Yeah, right before we killed Mufasa.

Scar: I had everything prepared.

Song 2: Be Prepared

Scene 3:

Cruella De Vil: So much for "being prepared", huh darling? You couldn't even kill that little kitten.

Scar (glares at hyenas): That would be the fault of these imbeciles.

Gaston: You call them imbeciles? You are the one who could not lead them. If only you could lead like me. (Laughs; looks in mirror).

~~~~~> (Exit 3 hyenas)

Villains all turn to look at Gaston in silence.

Ursula: You remind me of my brother, so full of yourself.

Scar: You're telling me. He's like my brother as well; all brawn, no brains. Thankfully I was blessed with the latter half.

Ursula: You compare your brother to mine? Yours was just a king. Mine was the god of the sea. You have nothing to complain about. Imagine the powers of a god mixed with the 'charisma' of that guy (points to Gaston).

Kaa: (awakens): What'sssss all thisssss ruckusssss?

Cruella De Vil: Awake so soon? And here I thought I'd be making myself a new snake-skinned purse. Such a shame.

Kaa: Yesssss, ssssssuch a shame. Ssssstill, what'sssss sssso sssseriousssss that everyone issss shouting?

Scar (To Ursula): At least I got rid of my problem. You cannot say the same thing, can you?

Ursula: My problem is a little bigger than yours, now isn't it?

Kaa: Oh, I ssssee. You want thisssss dissssspute ssssettled? Trusssst in me.

Song 3: Trust in Me

Scene 4:

All Actors—frozen from hypnosis; snap out of it slowly

Ursula: (*ursula front center stage*) What a charming song you dear, sweet, land eel. You may have actually succeeded in your plan if you used a little more body language.

Kaa: How dare you! Land eel? Mind you I am a ssssnake!

Ursula: Land eel/snake I don't care.

Scar (*walks in between both annoyed*) Will you both shut your mouths! I'm so tired of this nonsense.

Ursula: You want to hear nonsense, listen to the **land eel's** story. If you, (*points at kaa*) need hypnosis to get what you want, you're obviously not a real villain. (*Background character look at ursula/ kaa*)

Kaa: (*gasp*) Well at leasssst I didn't get impaled by a boat!

Scar: I said SHUT. YOUR. MOUTHS! (*both stop*)

Ursula: You have no idea how many people I've helped!

Scar: (*sighs in sarcasm*) Oh, pleaaaase, do go on.

Ursula: (*smirks and side eye almost mocking scar*) It would be my pleasure.

Song 4: Poor Unfortunate Soul

Scene 5:

*Gaston is with the "Villain Support Group." Ursula just got done singing her song, and Gaston butts in to tell of how great he is.*

**Gaston: Arrogantly:** You think you're so great? I have an entire theme song detailing my greatness!

**Ursula:** If you're so excellent, how'd you die from a simple slip!

**Gaston:** No, I did not! I was shoved by the hideous creature! Besides, you were impaled by a boat, Snake-Guy was taken out by a sloth-

**Kaa:** A sssssloth Bear! A bear, mind you! Ssssurre, you were trying to take on a beasssst, but ssssstill!"

**Gaston:** ...Right, and Lion guy, you fell off a cliff! Three years after I did! You copied me! And Cruella, you didn't even die! You were run off a cliff by your lackeys in your motor wagons! Chasing measly dogs!

**Cruella De Vil:** Even though you died chasing a girl? *Cruella laughs like a sassy aunt.*

**Gaston:** *Gaston glares at her, taking one last look in his mirror. He sighs and he looks off into the theater seats.*

Don't remind me of that! Besides, you don't have a troupe of girls swarming around any of you! Of course, why wouldn't they surround me? A perfect man such as I is the apple of many ladies' eyes!

**LeFou: (Loudly)** Even though Belle still won't marry you?"

*Gaston fake-punches him and LeFou winces.*

**LeFou:** Gaston! It's- Oww... It's fine! B-Besides! You have your song! Remember? Like, uhh... Noooo Onnnne-
